## English/Tagalog Writing Prompt

Why I Love  
My Mom or Grandma

## Directions:

**The Writing Prompt can be adapted accordingly to the child's language and writing abilities.**

**The child is asked to choose who he/she wants to write about: mom (ina) and/or grandma (lola). There is a writing page for each one (Mom is on page 4. Grandma is on page 5).**

**For beginner skills, the child can learn one or a few of the traits on page 3 and then proceed to the writing prompt pages. He/she can draw a picture of his/her mom and/or grandma and write just one or a few traits to answer why he/she loves her.**

**For intermediate/advanced skills, the child can learn as many of the traits on page 3 in English/Tagalog. He/she will choose which trait or traits are exemplified by mom/grandma and give specific examples of how she shows that trait.**
